CSI After School Program 2011-2012

For Creation Discovery Museum

Topic Descriptions

1st Quarter: Aug. 24 – Oct. 12 (Wednesdays) or Aug. 25 – Oct. 13 (Thursdays)

Ocean Life

Enter the fascinating world of animals that reveal designs so complex, they can only be attributed to a Creator. Participate in inter-active demonstrations that challenge evolutionary assumptions!

2nd Quarter: Oct. 19—Dec. 14 (Wednesdays) or Oct. 20—Dec. 15 (Thursdays)

God Designed Senses

We will have a great time doing different types of tests using our senses. Each day will be a different sense to discover. Sight, smell, touch, hearing and taste. To further your knowledge and understanding, we will be building replicas to demonstrate each sense.

3rd Quarter: Jan. 11—Mar. 7 (Wednesdays) or Jan. 12—Mar. 8 (Thursdays)

Fun in Motion

Who doesn't love to play with toys? Did you know there is a science behind the way a toy works (or doesn't work)? This class will give you the opportunity to learn about principles in physics such as inertia, kinetic energy, and laws of motion. Come join us and see how learning physics can be lots of fun!!

4th Quarter: Mar. 21—May 16 (Wednesdays) or Mar. 22—May 17 (Thursdays)

Created in God's Image

Did you know that there are over 640 muscles in our bodies. Those muscles are attached to bones with tendons. Examine the complexity of the human body and all the different systems that function in one body. Learn how amazingly it all works together for your good. Discover with hands on activities how the body works and functions.

<p><i>1st Quarter</i> No Break</p>	<p><i>2nd Quarter</i> No Class: Nov 21-25 Dec 19-Jan 8</p>	<p><i>3rd Quarter</i> No Class: Spring Break April 5-13</p>
