**2nd Session:**  
*No Class:*  
**Spring Break March 11**  
**Last Day of Class April 29**

## Middle School General Science Description

This course gives middle school students an opportunity to explore a variety of science topics where the inquiry method will be primarily implemented through hands-on activities. It will focus on how science works from a biblical perspective emphasizing the use of basic science process skills to make thoughtful conclusions. Topics covered will include: Simple machines, Archeology, Paleontology, Geology, Fossil and Geological Record, DNA and Life, Classification of Life, Energy of Life and the Systems of Human Body.

**Note:**

Students who complete the course in due diligence and complete the assignments will be prepared to go to next level which is High School Science.

Textbook: Apologia *Exploring Creation with General Science, 2nd Edition* textbook and the accompanying solutions and tests manuals.
